Summer 2010

Meet Saruna...

Saruna is our first High Risk girl who has been accepted into a Nursing Program.

Her abusive father died from alcoholism. Not long after, her desperate mother began drinking and they were plunged into acute poverty. Her mother eventually accepted Christ; however, the financial difficulties continued and Saruna was placed at high risk to the traffickers throughout these mountains who prey on lighter-skinned young girls.

She would have been destroyed in a brothel, but what a difference Jesus makes when we become His Hand extended!

Recently, Soniya Sherpa...

... a 14 year old "star" in our Kalimpong High Risk home slipped me a note. It said: "How can I thank God 4 bringing me people like U. I know that U R an angel whom God sent to be my support. God's love is as GREAT as I C IN U." I am sure you will understand how this motivates me to find other diamonds like her.

Dear beloved sponsors and donors,

I have just returned from hosting a team of Americans visiting our Dream Centers in India. What a great time of ministry! Worship, teaching, encouragement, laughter, travel adventures, heat and rain, and of course – the kids, the lepers and their kids, the High Risk girls – what a diverse and delightful group. Our team was elated!

Recently, the Holy Spirit spoke to me while I was reading about Cornelius in Acts chapters 10–12. In Acts 10:4, the angel said to Cornelius that his prayers and his alms had gone up for a memorial before God. That really got my attention. Our GIVING TO GOD goes up to Heaven's throne room and speaks to God on our behalf. And the Lord notices and responds. That spurred me to increase my own giving to the work of God.

Secondly, in that same story, (verse 6) the angel instructs Cornelius to send for Peter who will tell Cornelius what he must do. Why didn't the angel just tell Cornelius the message of salvation? Why bring Peter all the way from Joppa to Caesarea? Aah... it is because the task of telling and making disciples is the mandate given to Christian men and women. The angels are not privy to this privilege. The angels do not tell the we have to tell that story.... The story of Jesus and His love. Now, that spurs me on. *(continued inside...)*

SANU HARIJAN's parents died of fever when he was 8. His grandfather turned him away, so this boy was living at the village bus stand in Nabrangpur, So. Orissa, begging for food. Our Pastor/Director found him there and brought him to our Dream Center. With tears streaming down his cheeks, Sanu told our visiting team in January how he came to be in our GNI home and what Jesus had done for him. His praise and worship left us speechless. Sanu, now 10, is awaiting a sponsor.

(CONTINUED from front...)

I so look forward to spending time with our GNI kids. When I am in chapel services with them, they draw me towards Calvary like no one else can. The presence of God is overwhelming. The joy is indescribable. I love their loud and vibrant singing, the joyous handclapping, the sustained worship for 30-40 minutes, the poignant testimonies, and their memorization of Scripture. It really is the air I breathe....

TWO NEW DREAM CENTERS

We are opening a new Dream Center in Malkangiri, at the southern tip of Orissa. This is a region that is truly at the bottom of the State in more ways than just geography. The current issue of one of India's leading magazines, described this area as the worst in all of India. Neglected and exploited, Malkangiri is a harsh place inhabited by thousands of tribal people. In that barren desert, we are opening an Oasis, a shelter, a place of hope.

(LEFT: Our newly rented facility... 1100 Sq. Ft. for 25 kids plus staff)

Good News India is also opening an SECOND HOME for our High Risk girls in Siliguri. 20 new girls are joining us by the end of May. I went to "interview" them.... How does one "interview" a darling 9 year old who has no clue where she was headed and is all caught up in playing and discovering her new world? All the girls "passed the interview"!! I know God's people will come alongside us to take care of them.

ACADEMICS

While in India, I personally went over the grade/report cards of all our kids in grade 8 on up. While many are struggling due to their impoverished backgrounds and late start in education, a great number are absolutely excelling. Most are headed to College or Bible College. (For the same \$25/month). We are setting academic standards for these kids to reach, because a good education is their sure ticket out of poverty and we will work diligently towards that end.

THANK YOU FOR STANDING WITH US. **THANK YOU** FOR PRAYING FOR US. Without your help, I could not do what I am doing.

May Christ's blessings overtake you each day!
